

COVID-19 level 2 Screening Questions

Alert level 2: To keep our staff and patients safe, all patients will be asked the following screening questions when they present at the blood collection centre

1. Have you been in close contact with a confirmed COVID 19 case in the last 14 days?

Yes: The patient will be asked to leave and contact their referrer.

No: Continue with questions below

- 2.

- a. Have you, or anyone in your household travelled overseas, or been through a managed isolation facility in the last 14 days?

- b. Have you, or anyone in your household worked in a managed isolation facility, quarantine facility, border control or any other role in isolation services?

3. Do you, or anyone in your household currently have the following symptoms –

- Fever
- New cough
- New breathlessness
- Sore throat
- Cold symptoms / runny nose
- Loss of sense of smell?

If yes to questions 2 and 3: The patient will be asked to leave and contact their referrer.

If yes to question 3 only or question 2 only – The patient will be asked to sanitise hands and wear a mask

If No to all –patient will be offered hand sanitiser.
